

3 Astronauts Selected After Success Today

Capsule Test Said 'Perfect'

CAPE CANAVERAL, Fla. (UPI)—Three Mercury astronauts were selected today from a list of seven as candidates for America's first manned flight into space, possibly within two months.

Marine Lt. Col. John H. Glenn Jr., 38, Air Force Capt. Virgil L. Grissom, 34, and Navy Cmdr. Alan B. Shepard, Jr., 36, were tabbed for the "final pool." The other four astronauts will be candidates for later manned space shots.

THE NATIONAL Aeronautics and Space Administration made the announcement within three hours after it had racked up a near perfect success with an unmanned project Mercury capsule it sent on a rugged 1,425 mile flight over the Atlantic Ocean aboard a beefed up Atlas rocket.

Robert R. Gilruth, director of the \$500 million Mercury program said he made the final selection of Glenn, Grissom, and Shepard "on the basis of evaluating large amounts of medical and technical information in the 22 month training program."

POSSIBLY AS early as April, one of the "select three will be tucked into a bell-shaped Mercury capsule mounted atop a Redstone rocket for a flight 115 miles into space and about 290 miles over the Atlantic Ocean from Cape Canaveral. This is the same flight plan tested Jan. 31 by an astrochimp named "Ham."

Glenn, Grissom, and Shepard will undergo final mental and physical examinations and dry run rehearsals on the ground between now and the day that one of them will be named for the historic mission.

Goldberg, Union President Meet On Strike Today

WASHINGTON (UPI)—Secretary of Labor Arthur J. Goldberg summoned President Ron Brown of the Flight Engineers Union to a conference today shortly after President Kennedy ordered new federal action to end a wildcat strike against six major airlines.

Brown arrived at Goldberg's office at 11 a.m. e.s.t. for his first face-to-face meeting with the labor secretary since the walkout began last Friday night.

"I have no comment at all," Brown told United Press International. He was accompanied by the union's lawyer, Isadore J. Gromfne.

Brown said he did not know of Kennedy's instructions to Goldberg but said he came at the request of the cabinet officer.

The leader of the 3,500-member union has ordered flight engineers back to work but claims they have decided not to report for duty in protest against a National Mediation Board ruling.

HOSPITAL STARTS FEDERAL AID PLAN

A new hospital service area with Palm Springs as the focal point was established by the State Advisory Hospital Council after presentations by Desert Hospital board chairman Kenneth B. Kirk in Los Angeles Feb. 9-10, as the first of two steps to qualify Desert Hospital for Hill - Burton federal aid grants for a proposed \$1.9 million expansion program, Kirk announced today.

"Before this action, Palm Springs was 33 in 53 on the priority list, and had no chance for Hill - Burton funds," Kirk said. He estimated current chances of approval at "approximately 50 per cent."

A HEARING ON a hardship application based on the 20,000 to 40,000 winter residents and 600,000 tourists not counted in census figures will be held in Berkeley May 12, Kirk said.

The Hill - Burton funds — one-third each from federal, state and local monies — could finance the \$1.9 million expansion program which had failed bond issue approval here by scant margins in the required two-thirds majority, Kirk said.

PALM SPRINGS was previously in the Indio service area in state computations. The change in areas meant a loss of a 43 bed allotment in Casita Hospital, and a gain of 11 in Twenty-nine Palms hospital. The new area goes east to Palm Desert, north to Twenty-nine Palms. Further studies on utilization of county hospital beds is expected to hike the Palm Springs priority.

Airport Bond Facts to Be 'Told' to All

Committee Votes Promotion Fund, Sets Up Offices

To augment an already heavy agenda of talks to educate the people of Palm Springs into the necessity of acquisition of the Palm Springs Airport, the Citizens Airport Committee today approved expenditure of funds to have brochures and posters printed urging a "yes" vote on the facility.

In today's meeting, a discussion was held in conjunction with representatives of almost all news media in the area, to set up a plan by which the people of Palm Springs can be told the facts concerning the election.

THE AIRPORT committee has established a special office in Cameron Center, which will be campaign headquarters for the drive, and where any resident can go to acquire any information in connection with the issue.

Dudley Steele, a member of the Riverside County Airport Commission and the man who opened the Los Angeles Terminal in Burbank, was present at today's session and is drawing up estimates as to what the people of Palm Springs can expect as a return from the airport operation.

A MEETING HAS been set for next Thursday night in the council chambers at the City Hall, at which time potential workers are invited to attend.

A public meeting to hear discussions on the issue and to have questions answered will be held Thursday, March 9, at the High School auditorium and this session will be telecast by Palm Springs Television Corporation over Channel 5 starting at 8 p.m.

INCORPORATION DISCUSSION HELD

PALM DESERT — The possibility of incorporation of this community was given a thorough airing here last night by members of the Community Coordinating Council of Palm Desert.

The group, organized a month ago to study various means of local self-government, listened to Attorney Harry Cannon detail the advantages and disadvantages of incorporation of this community of more than 4,000.

DURING THE previous three weeks of study, the organization had discussed other alternatives which include: remaining unincorporated—establishing county service areas, under direction of the Board of Supervisors — creating a community service district, under direction of a locally elected board of directors—or establishing a series of special service districts.

"The biggest reason for incorporation," said Cannon, "is that it will be possible to secure adequate zoning and planning ordinances. At present, whenever these matters come up we must travel to the county seat in Riverside. There we are at the mercy of a board which has only two members who have sound knowledge of Palm Desert needs."

THE ATTORNEY called attention to the fact that talk of incorporation is increasing among other Riverside county areas.

"Both Sunnymead and Rubidoux are considering incorporation," said Cannon. "Now Rubidoux, a city of 15 or 20 thousand, has a community service form of government. If this type of government is so good, why are they now talking incorporation?" he asked.

IN ADDRESSING the group, Cannon warned against any idea of reducing costs of government under incorporation. He said that "it will raise costs and taxes. The question to decide is whether the increased services available to the community will be worth the increased cost of taxes."

Listed as some of the costs which will be encountered were police and fire departments; city clerk's office; city treasurer; street superintendent and similar other offices.

Orders Defense Of Land

ELISABETHVILLE, Katanga, The Congo (UPI)—Katanga President Moise Tshombe ordered general mobilization today to defend his Congo province against a "declaration of war" by the United Nations.

He also barred all foreigners from leaving the country, apparently in an attempt to nullify a U. N. order for all foreign and military advisers to get out of the Congo. He said the frontiers will be closed if necessary to prevent foreigners from leaving.

TSHOMBE PRECEDED his racial black and white inhabitants for defense of his mineral-rich land was announced in a broadcast over Elisabethville radio.

It came a few hours after the U. N. Security Council in New York adopted a resolution empowering Secretary-general Dag Hammarskjöld to use force if necessary to prevent civil war in the Congo.

TSHOMBE PRECEDED his radio order with an appeal at a news conference to all African members of the U. N. to press for postponement of any move to carry out the Security Council resolution. He also called for a conference of all Congolese leaders to be held in Geneva March 6.

In Leopoldville, the U. N. command announced that another former official of slain Premier Patrice Lumumba's Congo government had been executed on order of South Kasai province tribal chiefs.

THREE MONTH PERIOD

Revenue Up at City Golf Course

A sizeable increase in revenue at the Palm Springs Golf Course has been reported by City Manager Dan Wagner, with more than 11,000 golfers playing the course for the first three months of the second year's operation, as compared with 9,800 during the corresponding period for the first year.

The period reported covered November 1960, through January 1961, which showed a \$9,500 increase over the 1959 - 1960 period. According to a report prepared by Shelby Langford, director of finance, the Palm Springs Golf Course had a gross of \$55,370.63 during the 1960 - 61 three-month period, compared to a gross of \$45,787.93 for the corresponding three months of 1959 - 60.

Further evidence of the increased revenue was reflected in the fact that there were 1,503 more players during that period than during the parallel months of the previous year. November, 1960, showed an increase of 471 players over November, 1959, when the course opened; December, 1960, was increased by 242 players; and January, 1961, showed an increase of 799 players.

During recent months, golfers from Europe and as far north as Anchorage, Alaska, have toured the 18 - hole municipal course.

Service District Backs Frontage Road Request

PALM DESERT — Officials of the Palm Desert Community Service District today endorsed the program of improvement of the northern frontage road along Highway 111 in this community.

The request for improvement of the road was submitted to the Board of Supervisors by Hal Kapp, chairman of the Chamber of Commerce Committee on streets and highways.

Service District officers noted that "the improvement is needed, and we are most anxious to cooperate." They pointed out, however, that the north frontage road has been a dedicated county road for some 20 years. "Because the county has been collecting taxes on this road for this long period, the District office feels that curb costs should be borne by the county."

The action will precede a police crackdown on violations of the bicycle safety law codes, Maff reported. Raul Castro Leads Troops Against Rebel

Two Anti-Castro 'Fronts' Opened By Insurgent Force

HAVANA — UPI — Raul Castro, armed forces chief and brother of the premier, was reported personally leading the drive against a fresh band of anti-Castro invaders in eastern Cuba Monday.

The invaders, said to number about 50 men, were believed taking refuge in the Purial Mountains to escape the government forces.

REPORTS FROM Oriente Province said the rebel band landed near La Plata on the south coast about 30 miles east of the U. S. naval base at Guantanamo Bay. Unofficial reports said the group was led by Maj. Nino Diaz, a former aid of Raul's.

Diaz, a native of Oriente Province, one before had been reported leading an insurgent band in the province but had to disband it for lack of support.

Observers believed the invaders were seeking to open a second front against the government to relieve pressure on the rebels in central Cuba where official sources admitted the government was losing 30 men a day. Several thousand rebels are holed up in the Escambray Mountains.

PREMIER FIDEL Castro made a trip to Santa Clara, Las Villas Province, to direct a corps of 30,000 militiamen against the rebels.

He returned to Havana during the weekend and was met by an appeal from his older brother Ramon, in behalf of Cuba's private sugar growers. Ramon, who manages the family cane fields in Oriente Province, said the country's 65,000 small cane growers were being forced into "economic destruction" by the revolutionary government's policies.

Ramon told UPI in an interview the government must raise the prices it pays private producers to the higher levels enjoyed by government-controlled cooperatives.

'Bomber' Sought In Firecliff Phone Threat

INDIO — Sheriff's investigators today are seeking a man who may not exist, to check back on a Friday report of a bomb which didn't exist.

Sheriff's officers reported that a man who called himself "Ernest Carter" called at 10:49 a.m. Friday from the Nobles Ranch near here, to say that a bomb may be planted in the Firecliff Lodge, Palm Desert.

Officers evacuated the guests in the plush pioneer hotel at Palm Desert, searched the hotel from tip to tip. But the only result was a conclusion — bum tip.

The caller had mentioned former employees who were reportedly irked at the hotel management. The story didn't check, officers said. Guests are comfortably back in their quarters.

Edgerton, Edwardsville, Ellinwood, Lakin, Norton and Peabody, Kan., are all named for one-time employees of the Santa Fe Railroad.

DR. FINCH TELLS DEATH TALE AGAIN

LOS ANGELES — UPI — Dr. R. Bernard Finch was called back to the witness stand yesterday to tell his third murder trial jury about killing his socialite wife.

Finch, 44, began his testimony last Thursday and was expected to take up all of yesterday's session and much of today's before finishing his explanation of Barbara Finch's death.

THE SURGEON AND his mistress, Carole Tregoff, 24, are accused of plotting and carrying out the slaying of Mrs. Finch on July 18, 1959.

Finch has claimed in the two previous trials of the couple that his wife was accidentally shot in the back while he struggled with her over possession of a gun.

Also expected to be called this week, the eighth week of the trial,

was superior Judge Leroy Dawson, the presiding judge at the second trial.

HE WAS TO BE CALLED by the prosecution as a rebuttal witness against defense claims that second trial jurors reached a decision of guilty of second degree murder against Finch. Three of the jurors testified at the current trial for the defense that they reached such a verdict but were ordered by Dawson to continue deliberations.

The second trial eventually ended in a hung jury as did the first trial.

Verbal Support Not Enough

As the Airport Bond election campaign moves into its last month, it becomes more and more apparent that it will not be enough to have the community preponderantly for the issue. It's going to be necessary for those who believe, as we do, that an airport is necessary for this community and this is the way to ensure it, to get out and work.

Everyone, friends and neighbors, will have to be contacted and sold. They'll have to be sold, not just on the merits of the proposition, but on the absolute necessity of voting. Simple arithmetic will show that any negative votes, however small in number, will have to be offset by twice that number of affirmatives.

There have been good and legitimate ques-

tions raised and these the Airport Bond committee has set out to answer in a 34 question-and-answer fact sheet. The Desert Sun is currently running questions and answers on the proposition and has run a map, graphically showing the area affected.

These are the tools for the job. What we need now are the workers.

Thursday night at 7:30 there will be a meeting of workers at the council chambers in the city hall. There, questions will be answered and the voting area laid out geographically so that workers can do the job necessary by contacting six or eight of their neighbors.

If you want this resort area to grow, if you want the tax base broadened so that the individual bill is less, be there ready to work.

The Fact of Strength

HEADQUARTERS, U. S. ARMY IN EUROPE — Napoleon's informed opinion that "God is always on the side of the strongest battalions" still stand up in the European Theatre of Operations.

As of now, the U. S. is the strongest military power in this part of the Old World — and it is this strength rather than the Almighty Dollar which entitles us to rule by divine right.

THE REPORTER does not have to be here very long before he feels that there is only one logical line of action for the Kennedy Administration to take. To reduce American military power in Europe would mean a surrender of leadership — and that is something which men and governments do not willingly do.

On the other hand, the new Administration, hyperactive and remorselessly practical, seems from this viewpoint very likely to maintain its position of strength and to use it — something which would be quite new in our conduct of foreign affairs.

IT IS TEMPTING to speculate on what form a strength-based policy would take in Europe. Mr. Kennedy is known to hold a dim view of colonialism as practiced by several of the NATO partners. With "God on our side," there is no need for us to be as backward as we have been in expressing opinions about the internal affairs of NATO nations.

Next time the subject of colonialism comes up at the United Nations, it seems probable that we will not abstain. The ducking of this issue is naked hypocrisy and the very opposite

of leadership. We are strong enough to vote against France, Belgium and Portugal. My guess is that the President will instruct Adlai Stevenson to do so, not from fuzzy idealism, but because it is inevitable in the course of time that strength and power will assert themselves.

THERE ARE TWO ways in which our relative strength in Europe could be lessened. The one that is more immediate, and yet least understood, is for one of the 14 allies to become stronger than it is today. France under De Gaulle, with an increasing atomic facility, can only become appreciably stronger if it gets a favorable settlement in Algeria — which is not probable. But West Germany can increase its power and its say-so in Europe by doing the very thing which we have in the past urged it to do — that is to enlist and arm 12 ground divisions.

At this writing, German enlistment goes very slowly. Defense Minister Strauss spoke, as it seemed, ruefully of this subject during a press conference at Exercise Winter Shield II where some 5,000 Germans participated. Strauss said that he would like to see the German Army consist of 55 per cent career soldiers, and the rest short-term draftees, but that the ratio was not yet attained.

HE ADDED, with a sure knowledge of German psychology, that money and social benefits would not fill the ranks — rather an individual fondness for "soldiering" was required to rebuild the Army. In sum, as the German feeling of war guilt, (whether it is genuine or feigned) would make a fascinating

study) subsidies, the U. S. will have a real rival for the mastery of Europe.

The other way to weaken our position is to withdraw troops or withhold the new weapons. Mr. Kennedy is taking steps to make it financially easier to keep the men and families here. Some of these steps will pinch the countries where we have been spending too freely, and some complaints are to be expected. But, here again, we have the strongest battalions and need not be apologetic.

THERE IS EVERY sign and belief among the general officers here that the new weapons will continue coming — and continue to uphold our supremacy within NATO. During Exercise Winter Shield II, there was more frank discussion of atomic shells and demolitions than I have ever heard before.

As the sole possessor of atomic warheads, the U. S. has an automatic superiority. On top of this, there is a steady flow of new and better conventional weapons. The M-16 rifle is here, so is the M-60 tank. Within the past few months three units using the Lacrosse missile have been organized. The Nike Ajax missiles are being replaced by the more advanced Nike Hercules. The Hawk missile for air defense of low-flying aircraft has arrived. The Sergeant and Pershing missiles will soon phase out the Corporal and Redstone.

Our military strength is a fact which gives us a certain confrontation toward our allies. Mr. Eisenhower did not have the skill or the temperament to take advantage of this fact. But the new man in the White House is a different sort.

People...Places...Things...

NEW YORK — People . . . Places . . . Things . . .

On Christmas Eve, 1928, a destitute mother abandoned her baby in the lobby of Pittsburgh's Sheridan Square theater. A note attached to the child's dress read:

"Please take care of my baby. Her name is Catharine. I can no longer take care of her. I have eight others. My husband is out of work. I have always heard of the goodness of show business and I pray to God that you will look out for her."

WHAT HAPPENED from there, is the reason why last week was Variety Club Week, if you've been wondering what Week it was.

Eleven good blokes from Pittsburgh theaters formed a club to care for the child. They called it the Variety Club. Vaudeville was still alive. From that original chapter, or "tent" as they are called, has come an outpouring of 45 other groups in the principal cities of America and in Toronto, Mexico City, London and Dublin.

THEIR MEMBERS have raised \$30 million to support such noteworthy charities as Boston's Jimmy Fund, the million dollar Children's Disease Research Center in Washington, D.C., the Variety Children's hospital, Miami, O'Connell, Pittsburgh, and other havens for kids in need of a hand.

Newspaper working stiffs have always had a soft spot for Variety Clubs. Jack Bell of the Miami Herald, to name one, has worked wonders for the movement over the years. Recently, Max Kase linked the sports staff of the N. Y. Journal American to the New York tent to launch a boys camp that will bear the name of a fellow I wish the camp's eventual users could have met — Bill Corum.

AMBASSADOR AT large Averill Harriman impressed a packed room of college editors at the Overseas Press Club with this thought:

"We are involved in a new form of the age-old struggle between freedom and tyranny. Yet the Communists are constantly asserting that the struggle is just between Communism and Capitalism, and we have done little to challenge this distortion."

"IN MAY PARTS of the world, particularly in newly formed Nations, Capitalism is almost synonymous with Colonialism and economic exploitation. The conflict is not simply between two economic systems, but is in fact between democracy and the all-powerful state."

"... to maintain the confidence of the people of the free world in our leadership, we must associate ourselves again with their hopes and aspirations. We must remain true to the ideals of our own revolution in order

to expose the falseness and reactionary character of the Communist revolution. We must have an imaginative information program to project our ideals and objectives. The image of America must ever be that of the champion of freedom, individual worth, dignity and equality — a nation deeply concerned with human progress."

I'VE OFTEN SAID, while listening to Elaine May and Mike Nichols on NBC's Monitor, "I can't stop laughing at those two." Well, found a way. Went to hear them in person, and took along one of the kids. That'll choke off the laughter.

Why two such bright students of our times and foibles should bend to the Broadway trend beats me. They drove us out of the Golden with a couple of blackouts that sounded as if they had been proof-read by Tennessee Williams.

A FRIEND WHO has spent 22 years in Africa says of Lumumba's death:

"No one wants to see a man killed, but it's a relief to get rid of the menace he represented. I don't agree with those who say his followers will now mass and fight in his memory. The African mind is inclined to say, 'He is dead. There is nothing more of him. We cannot follow when there is nothing left to follow.'"

School kids and bankers, Civic workers, too, Can thank George tomorrow For no work to do.

Tomorrow is a public holiday, the 249th anniversary of the birth of George Washington, credited with being the Father of His Country.

Coming in midweek, as it does, it won't offer so much of a traffic hassle.

SCHOOLS WILL CLOSE so that the youngsters can go to India to see the camels and the dates. Bankers can lay off and worry about the additional work that will have to be taken care of on Thursday. Civic workers can go to Santa Anita. What a jam that will be!

When I was a school kid we used to go around chanting: "Washington, first in war, first in peace and last in the American League."

This year the experts are predicting our Angels will be. But I don't believe it.

I'M NOT GOING INTO the fact that when George was born it was only the 11th of February. He was about 30 years old when they discovered the calendar was all out of kilter with the sun and chopped off 11 days. He got that as a bonus.

Wonder what he would think if he was back here today, looking at the front pages of the newspapers.

Washington, you know, warned against entangling foreign alliances. Maybe it wouldn't cost us so much on April 15 if his advice had been followed.

WRITING ABOUT our first president reminds me of our 30th Cal Coolidge.

When Cal was president, much-rakers were having a high time and they even tried to debunk George. Said he was a profane man, drank a lot and bet on the races. (That bad?)

Reporters interviewed Coolidge when this happened and asked him what he thought about it.

Silent Cal just looked out of the window of the White House, then turned to the reporters: "Well, I see his monument is still there."

THERE ARE 50 many special days, weeks and months that it is hard to keep track of them. But I heard of a new one Friday. And if I see a baboon ambling down Palm Canyon Drive come July, I'll be friendly.

Norman Loftus of Radio KDES received a letter from South Africa that day. On the envelope was the imprint:

"Be Kind to Baboons Week, July 20-27."

I know a lot of people who, if they saw a baboon ambling down the Drive, would rush to sign the pledge forthwith.

W. L. Hudson suggests that after we have paid our income taxes, we all rise up and sing: "Roll Out the Barrel."

STAN DELAPLANE:

'Way to a Man's Heart'

"It has been definitely proved that the so-called Mexican tourist ailment does not exist," said the director of the Mexican tourist bureau.

"It doesn't?" I asked. "What is it then, that lays us low?"

"IT IS THE altitude," he said. "It has been proven by our doctors that the altitude of Mexico City produces a change in the body's chemistry. That and nothing more. So it is foolish for tourists to take all these pills. 'But how about down at Acapulco? At the sea level. I got sick once in Acapulco."

"Oh, that," said the director. "That must have been something you ate."

NO COUNTRY produces rich health conversation than Mexico. In the morning at Sanborn's lovely patio, the tourists lay out the supply of pills. We exchange little medical advices.

"Be careful when you get to Mazatlan. I got sick as a dog eating the enchiladas." (There was also a matter of six rum punches. But why be a spoilsport and mention that?)

"AND SO HELP ME, I SAW the maid filling the water bottle out of the tap! I said to her, 'You're supposed to get the water out of the big purificadora bottle.'"

"She said, 'But, Senor, I fill the purificadora bottle out of the tap, too. And it is so heavy to lift. This is easier.'"

SANBORN'S — THE old Sanborn's across from the ancient Church of St. Francis — is excellent for the tourist breakfast.

It was built by Spanish Counts in Colonial days. The stone pillars of the patio are scarred with bullets of the Revolution.

THE SUN FILTERS down through a yellow glass dome. And the waitresses speak fluent tourist-breakfast English.

"You like 'am and ex? You like your ex, pliss?"

Sanborn's is now owned by Walgreen's Drug Stores. You can replenish your pill supply at the counters outside.

"THE AMERICAN doctors should pay us a percentage on the pills they sell tourists in advance," said the tourist bureau man moodily. "I, myself, have thought of opening a little drug store at the border."

"Imagine what a fortune one could make! 'Get your penicillin here. You are entering Mexico.'"

"DO YOU KNOW what happened to me in New York?" asked the tourist bureau man. "I went to dinner at Pavillon. The next day I had the hotel doctor in. I felt badly."

"Where do you come from?" he asked me.

"I come from Mexico," I said. "That explains everything," he said. "You have to be careful what you eat when you're down there."

THE MOST POPULAR pill in Mexico at present is called Neotracina. It has replaced the flat brown enterovioform pills that we once swore by.

The other day I was having lunch at the Foreign Press Club. I asked one of the American correspondents about it.

"Is it really better?" I said. "To tell you the truth, I don't know," he said. "What really happened is we like the Neotracina press agent better than we like the entero-vioform man."

QUOTES

OKLAHOMA CITY — State Sen. J. H. Belvin, irked over "colored reporting" describing him as having knocked a man's glasses off in a scuffle at the capitol:

"I carefully took off his glasses . . . and then laid them on a table gently so they would not break. Then I waited for him to rise so I could hit him."

Dear Abby...

...by Abigail VanBuren

DEAR ABBY: The fellows where my husband works started a fan club for a stripteaser and they elected my husband president. He carries her picture in his wallet and sleeps with a garter she threw at him during one of her performances. Now he has brought home abig poster of her and has hung it up in our bedroom. I am not a crabby wife and I believe in letting a man have his fun — within limits — but what kind of monkey business is this for a 52-year-old man?

DISGUSTED WITH MAC

DEAR DISGUSTED: It's a pretty swinging monkey business. What a man carries in his wallet is his own business, but he went too far when he hung the poster in your bedroom. Take it down And tell him to hand over the garter — and make it snappy!

DEAR ABBY: In regard to that letter from "RICHARD" wanting to know what to do about a woman he loved who was legally married (but separated) from her husband but wouldn't get a divorce because of her religion. I think your answer was very crude.

A girl who is willing to stick to her religion and not get a divorce would make a wonderful wife for Richard if her husband died.

DISAPPOINTED IN YOU

DEAR DISAPPOINTED: The Old Folks' Homes are full of people who have spent their lives waiting for someone to die. If the object of one's affection already has a legal connection. I recommend unconditional surrender.

DEAR ABBY: Do you think a girl should be the one to answer the door when her date calls for her? I say the girl's parents should do it and explain

that the girl will be ready in a minute. My mother says if I am dressed I should answer the door myself. I think if I open the door myself, it will give the boy the impression that I am over-anxiously awaiting his arrival. I am always dressed ahead of time, but I don't think my date has to know this.

What's your opinion?

READY BUT NOT WILLING

DEAR READY: If you are dressed and ready to go, answer the door yourself. Your date will probably appreciate it.

CONFIDENTIAL TO N. H.: Tell your children nothing of your past "sins." If you are now living a good, clean, respectable life, the Lord forgave you years ago.

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

CAUGHT RED HANDED

VICKSBURG, Miss. — Willia Joe Hunt, a former hotel Porter, pleaded guilty to burglary charges. He really had little choice.

Hunt admitted he stole trousers, a vest, an electric razor and other items from a fifth floor hotel room and then tried without success to sell them on the sixth floor.

He went back to the fifth and offered the goods to the first man he met in the hall. The prospective buyer happened to be the owner.

A stolen trailer truck filled with 30,000 tins of coffee was found Thursday with its cargo intact. It was stuck in a snow-bank.

FEBRUARY 21, 1951

Palm Desert was buzzing with rumors today that President Harry Truman paid a visit to that community yesterday. Several persons reported seeing the President as he toured Palm Desert, and one source said that he was a guest at the home of Walter Kirshner, Grayson shops chain owner, or at the residence of Mon Walgren, former governor of Washington. Mrs. Walgren denied that Truman was in the Desert area. The same source that reported the President in Palm Desert said it was believed that his personal plane, the Independence, had landed at Indio airport Monday.

Authorization for installation of two blocks of sidewalk on Palm Canyon Drive and first disclosure of plans for a unique model animal shelter were outstanding developments at this week's City Council meeting. The new sidewalks will be located on the east side of Palm Canyon Drive between Tamarisk Road and Via Valmonte, and on the west side of Palm Canyon between the police station and the Morrison building.

With neatness and dispatch did Governor Culbert Olson combine pleasure and official duties this week. California's chief executive arrived most unostentatiously in the Village, and spent several days resting and golfing.

Gotta Date With An Ostrich

By GEORGE LAINE

A publicist's life is not a merry one, particularly if you happen to have the Riverside County Fair and National Date Festival (currently in action at Indio) for an account.

The guy who handles the account, a buddy of mine since San Diego days a few years back, wheeled me into accepting a ride on an ostrich last year and before I knew it I was embroiled in a to-the-death race around the Fairgrounds track. (I even fell off the sulky but managed to get back into the race and eventually win it.)

This year, the guy—whose name is Bill Arballo—tells me, I have to appear since I'm defending champ. And here follows the type of drivel he is spreading around the county in an attempt to make it look like a big deal:

INDIO — "YOU CAN always tell a chump from a champ and vice-versa," World's Champion Ostrich Driver George Laine, of the Palm Springs Desert Sun, said today after learning that Jerry Holtman, of the Corona Independent, had enlisted Elsie Furple, "a female" to aid him.

Laine, Holtman and Jim Stalnaker, an innocent third-party reporter who writes under the Riverside Enterprise banner, are the principals in the annual running of the International Ostrich Derby to be held at the Date Festival at Indio, Feb. 24, at 3 p.m.

LAINE CLAIMED victory, the championship and a bottle of fermented date juice last year in a similar event, but only after vigorous opposition from Earl Buie and Will Thorne, also members of the coveted fourth estate.

"The amateur always goes running to a woman for advice," Laine commented this morning at a press conference attended by the three ostriches which will figure in the competition. "Elsie Furple! Key - rime - a - knee, imagine the wise words of wisdom that will pour forth from her dulcid lips!"

Laine was making reference to a public announcement which appeared exclusively in the Corona Independent (perhaps a bit miffed because he was scooped) in which Holtman disclosed that he had engaged Miss Furple as his trainer for an undisclosed sum of money but reportedly in the neighborhood of "three or four dollars." According to the story, Miss Furple has won ostrich races all over the world and once was Royal Ostrich Trainer to the Sultan of Transvalia.

LAINE ADDED THAT a true champion (he takes credit for being one) is always in top condition. Since he brought the ostrich pennant to Palm Springs last February he has completely divorced himself from "wine, wimmen and song" . . . except for a few occasions.

Meanwhile, back at the ostrich compound at Indio, Stalnaker, a thin, gaunt reporter who wears bifocals and admits to coming from a long line of cowards is wondering how he got enmeshed in this rough and tumble sport which involves riding in a reeless surrey while a fleet-footed bird runs helter-skelter all over the arena and everything.

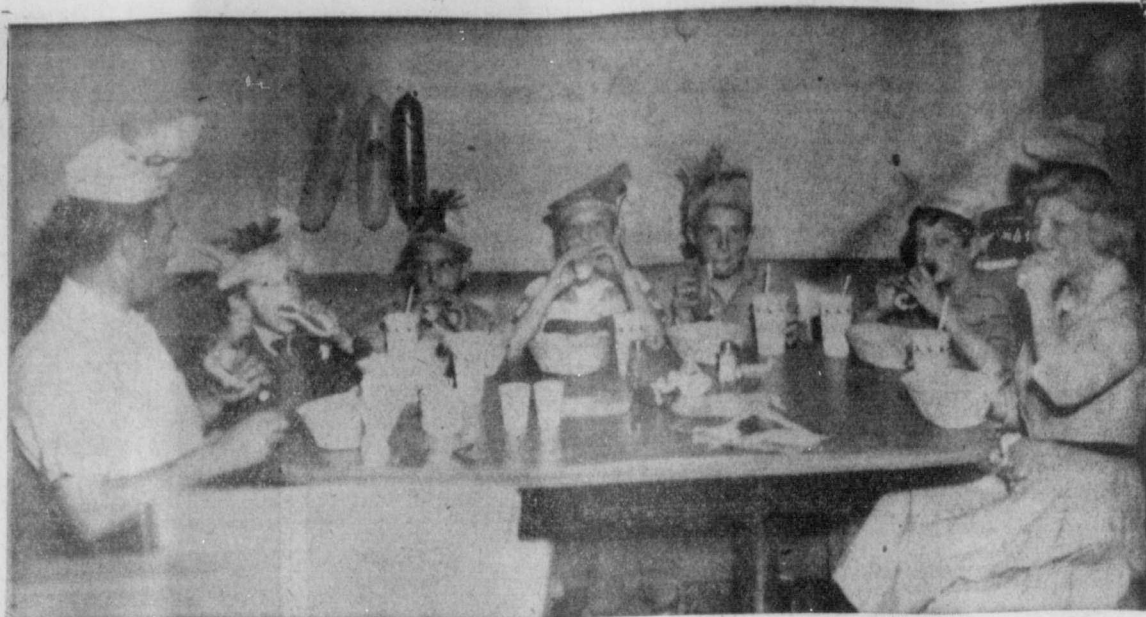

ARBALLO WRITES colorful prose, it's true. But he takes liberties.

For instance, I never said "Key-rime-a-knee" as he quoted me and practically any barkeep in Palm Springs will back me up when I say that the word is not in my vocabulary.

Bill also wrote the tome before being apprised that I had been united in wedlock and I hope my bride doesn't take his cracks too seriously.

In any event, I love a challenge. I also love that fermented date juice (which tasted suspiciously like Early Times to winner and losers) in that locker room hand-shaking scene that followed last year's big race.

I'll be there at 3 p.m., sharp, Friday, Bill. In fact, just to make

Old Painting May Be Real

FONTANA — IPI — A motel owner said today a painting long in his possession — and which he thought to be worthless—may actually be a canvas by Sir John Everett Millais.

Ernest Goldi, a native of Switzerland, said art investigator John Adamo estimated the painting's worth between \$1,000 and as much as \$200,000.

HANGING HIS OWN paintings is John Hilton, of Twentynine Palms, and a member of the Desert Art Center here. Hilton was selected as the artist for the month of February and his paintings now hang in the Security First National Bank's Ramon Road-Indian Avenue branch. The artist has had a number of other one-man shows and is also distinguished as an author. (Desert Sun Photo)

Haney, Aides Set Up Angel Training Camp

Top Trio Inspects Grounds

Top figures in the Los Angeles American League Angels organization are in Palm Springs today, quartered at the Desert Inn and spring training for the new club will get under way this weekend.

Fred Haney, general manager, arrived Monday morning and in the afternoon Marvin Milkes, his chief aide, and Cedric Tallis, business manager, flew in to join him.

THEY WILL PREPARE camp for the bulk of the club which will be here Friday.

Following Haney, Milkes and Tallis into town by a few hours was the chief, manager Bill Rigney.

"I want to be here early to see that everything's shipshape," he said.

Late last week Tommy Ferguson, equipment manager, and A. J. (Freddie) Frederico, trainer, arrived to sort out their materials and have them ready for the club.

The spring training program of the Angels, the first Major League team to condition here, will be in full swing by the first of next week.

MILKES, WHO HAS been with several different baseball clubs, is back with his first one. He joined the old Los Angeles Pacific Coast League Angels in the early 50s. "Barring injuries to our key players, we'll be in the American League battle all of the way," Milkes believes.

"You can take it from me, we are going to be a lot better than some people think. We have a lot of promising youngsters and I know all of them. There are some great prospects in the group."

HANEY ANNOUNCED Monday afternoon on arrival here that the Angels had hit the jackpot that day. Four of their key players returned their signed contracts—Eddie Yost, Ken Hamlin, Ken Hunt and Faye Thorneberry returned their signed contracts.

Yost, who batted .238 in 143 games for the Detroit Tigers last year, has an uncanny judgment of pitches and has led the American League in bases on balls many times. He will probably be the lead-off man when manager Bill Rigney figures is starting line-up.

YOST IS ONE of the top glove men at third base. Hamlin played the full season for the Kansas City Athletics at shortstop last year. Hunt, obtained from the New York Yankees, is said to have one of the best throwing arms from the outfield in baseball. Thorneberry is a seasoned outfielder and a .251 hitter. They'll all be here with the Angels Friday.

FIGHT RESULTS

NEW YORK—Jackie Donnelly, 135½, Buffalo, N.Y., outpointed Chico Velez, 135, New York 10.

Fullmer to Call Own Punches Against Ray

LAS VEGAS, Nev. — The Gene Fullmer says he will call his own punches when he matches leather with Sugar Ray Robinson on March 4 in a 15-round championship bout.

Manager Marv Jensen confirmed that Fullmer would have his own way in battling Robinson and said he was just along for the ride.

He said in previous fights they have used the numbers system with Jensen calling out the numbers to Fullmer to indicate just how he should attack.

"But he doesn't want that this time. He wants to be on his own, so we'll let him try it once," Jensen added.

Checking in at 163 pounds, Fullmer expects no trouble getting his weight down to about 159 for the bout.

The middleweight champion does not agree with the popular belief that Robinson's days are numbered as a fighter.

"If he is still living when he's 80 years old, he'll still be dangerous," countered Fullmer who gets 40 per cent of the gate along with a 40 per cent share of the \$150,000 television rights.

Looking into the future, Fullmer said that if he still wears the NBA middleweight crown on March 5 he would like to take on his counterpart in New York and Massachusetts—Paul Pender.

Happy Alston Says Dodgers In Best Shape

Should Win It If Every Man Does His Best, He Says

VERO BEACH, Fla. — Sixty Dodgers go into their second day of rugged workouts as the sun shines brightly over Dodgertown today.

Vice President and General Manager Buzzie Bavasi looked the players over during their first exercises Monday and came to the conclusion the Dodgers had "the best potential of any team we've ever taken to Vero" during 14 winter seasons there.

"We should win it, if every man does the job of which we know he is capable," Bavasi told sports writers.

Manager Walter Alston also used a big "if" in talking about his Dodgers. He made it plain that such highly-touted youngsters as Tommy Davis, Frank Howard and Willie Davis would have to deliver if the team is to regain the pennant it lost last year to the Pittsburgh Pirates.

ALSTON SAID: "We're all very 'high' on our kids, and the club will have a chance to go all the way if they come through. I think this is a club that will improve as the season goes along."

Asked to name the Dodgers' chief rivals during the coming season, Alston cited the Giants, Cards, Pirates and Braves. "It's a tossup between those clubs and you can put Cincy on that list, too he said.

Alston split his players into three squads under as many coaches. They will compete against each other in camp games starting next week but, as always, there will be the additional drudgery of track work and calisthenics.

THE PLAYERS SAILED right into the business at hand — reclaiming the National League pennant from the Pittsburgh Pirates. After a tortuous session of calisthenics, Alston had the pitchers throwing and the batters batting.

Don Newcombe, with the team as a free agent after drawing his release from Cleveland, was the first to throw.

Big Newk, who injured his leg while pitching in a "B" game at Tampa last spring, is held to be the Dodgers' surprise package of the year by several club officials. "Newk's arm is as sound as ever," said trainer Wayne Anderson.

Indians and Coachella Tangle Here Tonight

Palm Springs High's Indians are nearing the end of a disappointing Desert Valley League basketball season with two games to go, one at home and one away and they have but a slim chance to break into the win column.

Tonight at 6 o'clock B and Varsity teams entertain Coachella's Arabs on the home floor and Friday night they go to Twentynine Palms for the final games of the season. The Indians had been touted to be a strong contender in the race in pre-season predictions but broke apart as injuries hit them early and often and thinned the squad to where coach Jim Workman has only six players left.

Coachella defeated the Indians 53 to 36 in the first round and is currently in a three-way tie for second place in the DVL with Indian and Banning. They have a 5-3 mark. The Indians are still winless with an 0-8 record.

Friday night the Tribe goes to Twentynine Palms for the final game. They were upset on their home court by Twentynine Palms in the first round but figure that it will be their last chance to move over and have company in the league basement if they can get by their opponents. Twentynine Palms is 1-7 in the DVL and the Indians, 0-8.

GOODFRIEND MIGHT NOT BE 'GOOD FRIEND'

INDIO — Joseph C. Goodfriend of Thermal certainly won't be a good friend to his good friend Willie Page, Jr., from now on.

Both laborers, they were paid off Friday by the foreman at the Venus Ranch near here, and after receiving their checks, Page turned to Goodfriend and asked him for the \$5 he owed him.

Goodfriend didn't believe he owed his good friend the \$5, but started into town with him to cash their checks.

Page stopped at a market to allow Goodfriend to cash his check, and after he had the cash, allegedly stuck a .22 caliber revolver at him and ordered him to hand over the \$5.

Police arrested Page at his ranch home and charged him with armed robbery and carrying a concealed weapon.

The gun was found under his pillow.

Take a Cold 'Tater

NEW YORK (UPI) — Children not only were silent in the days of early America, but they also did a lot of standing during meals.

In some families, children stood behind their parents and food was passed to them from the table. In others, they stood at side tables. They ate in absolute silence.

Western Retires Last 2-Engined Planes in Service

Western Air Lines has retired the last of a long line of twin-engine aircraft and is now operating all four-engine airliners, Stanley R. Shatto, WAL president-operations, announced today.

The nation's senior airline opened the year with only four Convair 440 two-engine aircraft in its fleet. Air Korea purchased one of the Convairs earlier this month. Japan Airlines contracted to purchase two, and the last plane is scheduled for sale this week.

The Western fleet now includes Boeing 707s, Lockheed Electras and Douglas DC-6Bs.

Education Bill Goes to Congress

A DEMONSTRATION on how fires can start in the home because of a overload on the lines is demonstrated during Fire Prevention and Safety Month by members of the Fire Department. Above, Marie Colletti graphically demonstrates that by switching on toasts,

Backstrand Bill To Ban Anti-U.S. Folk in Schools

SACRAMENTO — State Senator Lee Backstrand of Riverside has introduced a measure prohibiting the use of public school buildings by persons advocating the overthrow of the government by unlawful means.

The bill, introduced in the upper house late last week, made the use of public school buildings conditional upon filing of an affidavit that school property will not be used for commission of any crime, including violation of the provisions of the criminal syndicalism act.

Last month the State Supreme Court overthrew a decision by the District Court of Appeals which said the Communist Party could not use public schools without submitting a "statement of information."

The latter affirms that school premises will not be used to commit any act, or further any movement, whose purpose is to "overthrow the Government of the United States by force, violence, or other unlawful means."

The Backstrand bill repeals the sections of the law struck down by the State Supreme Court in a 4-3 decision, but "attacks the problem with a new approach."

Winter Meat Treat

NEW YORK (UPI) — Lamb Scandinavian makes a delicious main dish. Rub a hot skillet with fat trimmed from 4 shoulder lamb chops (about 1½ pounds). Discard the fat. Sprinkle the chops with 1 teaspoon of salt and brown quickly. Add 1 cup of chicken broth, ½ teaspoon of dried dill and 1 tablespoon of instant minced onion.

Cover and simmer about 1 hour, or until chops are tender. Mix 1½ tablespoons of cornstarch with 2 tablespoons of cold water. Stir into the broth. Cook until thick, stirring constantly. Turn the heat low. Stir in ½ cup of commercial sour cream mixed with 1 egg yolk. Heat to steaming, but do not boil.

Right-of-Way Violations in Increase--CHP

Crittenden Says
Lack of Patience
Accident Cause

SACRAMENTO — That patience should be among the attributes of a careful driver is emphasized by the number of accidents resulting from right of way violations, California Highway Patrol Commissioner Bradford M. Crittenden pointed out this week.

"Right of way violations were responsible for approximately one of every seven accidents in Patrol areas last year. They were the second leading accident cause."

"THERE ARE TWO primary reasons; impatience, which propels drivers into danger situations they ordinarily would avoid, and carelessness in judgment of such factors as the speed of oncoming vehicles or cross traffic," the commissioner said.

"The driver who illegally usurps the right of way always endangers at least two persons, himself and the driver who actually had a right to the road at that moment."

"PATIENCE in making maneuvers which occasionally prescribe a few moments wait, such as left turns and entry onto busy streets, and careful judgment of movements which take your automobile through the normal path if another vehicle, pay a two-fold dividend," he said.

"You protect not only the other driver, but yourself, from serious injury or death."

U.S. Food Plan 'Bogged Down'

WASHINGTON — Rep. Samuel S. Stratton, D-N.Y., said Sunday the government's food surplus program is hampered by red tape which denies food to jobless persons who need it.

Stratton urged Agriculture Secretary Orville Freeman to permit distribution of the foodstuffs to families of persons out of work at least four weeks.

He said food now goes only to individuals certified as needy "in accordance with a complicated formula" tied in with state and local welfare program standards.

New '61 Chevy with Jet-smooth ride!

Impala 4-Door Sedan—Jet-smooth transfer that rivals the luxury cars in everything but price

The '61 Chevy loves to go because it goes so well. Purrs along pavements like a happy tabby. Takes rough roads in stride and all roads in style.

Just why does a Jet-smooth Chevy treat riders as royally as the high-priced luxury cars? It all came about through a delightful blend of Full Coil suspension, precision-balanced wheels, unique chassis cushioning, and a superb Body by Fisher insulated to hush away road sounds. All this adds

up to less sway, less bounce, less dip, less dive, less tilt, less noise, less... well you name it.

Now combine this Jet-smooth ride with conveniences to pamper you and roominess to relax in. Add a full measure of quiet good looks. Voila, you've got Chevy's formula.

And the proof is in the riding. When you sample a Jet-smooth Chevy at your Chevrolet dealer's we think you'll find it just to your taste.
